

Glenda Ritz, Superintendent of Public Instruction

## MEMORANDUM

**TO:** State Board of Education

**FROM:** Amy Horton, Assistant Superintendent for Student Achievement and Growth

**SUBJECT:** Technical Correction to Graduation Requirements 511 IAC 6-7.1-4 (c) (6)

**DATE:** February 18, 2013

In December 2011, the State Board approved changes to Career and Technical Education course titles to align them with Indiana's College and Career Pathways. Changes included courses added, titles revised, and courses eliminated. Three Family and Consumer Sciences course titles have changed. Because Integrated Health Sciences I and II have been eliminated, those titles expire at the end of this school year so need to be deleted from this IAC. Transition to the new course titles will be complete in June 2013. Some of those changing course titles appear in other places in the Indiana Administrative Code, which means that the affected IAC needs to be updated. The Department requests approval to initiate rulemaking and for the proposed changes to the rule.

## **511 IAC 6-7.1-4 (c) (6)** needs to be updated as follows:

Current language	Proposed language
(6) The health and wellness credit requirement may be waived for a student if the student's program includes one (1) of the following:  (A) Three (3) credits from the following family and consumer sciences courses:  (i) Child development and parenting.
